Jan. 3, 1966

Dear Sir:

Thank you very much for your letter of reception. XERB is a 50,000 watt station located at Rosarito Beach, Mexico. We have a directional antenna which beams our signal north. During the daytime XERB covers all of Southern California up as far north as Paso Robles and when the sun goes down, we cover the entire West Coast right into Alaska. We are on the air from 3:00AM until midnight and program 10:30AM until 6:00PM with a Country and Western music format.

Sincerely yours,
RADIO STATION XERB
